THE ART IN PUBLIC PLACES PROGRAM

Monroe County Art in Public Places (AIPP) is a County appointed committee responsible for the commission and purchase of public art by contemporary artists in any media. The Monroe County Art in Public Places Ordinance No. 022-2001 mandates that one percent (1%) of new County building construction costing a minimum of \$500,000.00 and renovations costing a minimum of \$100,000.00 is set aside to fund this program. A committee comprised of five (5) voting members appointed by the County Commission, plus two (2) non-voting members appointed by the County Administrator, pre-qualifies, reviews, and recommends projects to the Board of County Commissioners (BOCC). The Monroe County Art in Public Places program is administered by the Florida Keys Council of the Arts (FKCA).

SELECTION OF ARTWORK: A two-step process

Step 1 - Request for Qualifications (RFQ)

Artist must meet all criteria to qualify through the initial application process in which artists must substantiate successful completion of contracts and projects within the past ten (10) years in the public and/or private sector. AIPP Committee members will select (pre-qualify) the artists, and then those selected artists will be eligible to receive all published **Requests for Proposals (RFP)** as projects arise. All pre-qualified Artists with current materials on file with the FKCA will receive all RFPs for future projects for five (5) years. Artists will be notified thirty (30) days in advance of their five (5) year expiration date and may remain in the database for an additional five (5) years by written (email) agreement. It is the artists' responsibility to notify and update FKCA of current contact information, address, and e-mail address changes.

Step 2 - Request for Proposals (RFP)

Once an artist has been Qualified (step 1 above) they are notified of all opportunities to complete an **RFP**. Artists may develop and submit a proposal based on their evaluation of the project and site review opportunities. In collaboration with the artist, the County staff and the project architect will provide all pertinent project information, which may include suggested general locations for both interior and exterior treatments. Artists may make use of exterior and interior materials such as landscape, site furnishings, column cladding, flooring material, furniture, glazing, and lighting depending on the project and scope of work. If applying for multiple spaces, the proposal shall furnish an itemized budget for each space. AIPP will furnish artists with apportioned budgets accordingly. The total amount shall not exceed the stipulated total allocated per project for public art. Artists are encouraged to develop proposals for alternate spaces, and AIPP reserves the right to include such proposals in the review and selection process. Proposals must comply with the Americans with Disabilities Act of 1990 (42 USC §§ 1201), as amended (ADA), and local code requirements.
